SRGB pdf

The image is a horizontal collage of several screenshots from flight simulation software. It includes displays of the Heads-Up Display (HUD), various flight instruments (such as attitude indicators, speedometers, and fuel gauges), and navigation maps. One map shows a coastal area with labels like 'Stora' and 'Dale'. Another map shows a more detailed terrain with 'ZV11' and 'P56' markings. The overall theme is aviation and flight navigation.

The image consists of two main horizontal sections. The upper section is a topographic map with green land areas, blue water bodies, and brown contour lines. It includes several place names in black text: 'Åbogsfjellet' on the far left, 'Naurak' near the center, 'Vik' further right, and 'Vølstad' on the far right. There are also numerical labels '2631' in black and '2313' in blue, along with '(69)' in blue. The lower section is a white background with black text. On the left, it says 'E): WEF 25MAY2017'. On the right, it says 'SRGB.pdf' in a large, bold font.
